## Troy Hazard

*Speaker Introduction*

Our next guest is a serial entrepreneur, who has owned and nurtured fourteen businesses over three decades, which means along the way, he's lived through every high, low, *and* every - *'why-did-I-think-this-was-a-good-idea'* - moment.

He's also consulted to countless successful companies in sixteen different countries.

And he's been a 'leader of leaders', serving as International President of the Entrepreneurs' Organization on their Global Board.

Troy now shares that experience on stages around the world, in media appearances, and in his Amazon bestselling business book, Future-Proofing Your Business.
